from the leaders....

Dr. S Naveed
Chairman, St Hopkins Trust

MBA is not only for management students but also necessary for students with technical and science background. Having an MBA degree will help any individual to move up the ladder in any industry. One needs to have the knowledge and exposure to handle any situation, at HCM we work on enhancing your skill sets and make you confident to face any business situation.

HCM, Bangalore is committed to enhancing your post graduation experience and helping you to reach your full potential during your stay with HCM. We are focusing on HCM to be the largest campus based business school in India, but it is not its size that's important * it is the breadth and depth of the offerings, both in MBA and across the college. I wish you the very best in your future studies to careers, to hope we will soon be able to welcome you at HCM.

At this new era of globalization, what our students have in common is the desire to learn and succeed. All our full-time students have a personal tutor, who will guide you through your time here. There is a range of services to support you while you are here, and students can drop in to our Advice Centre to find out anything related to their course and life at the College.

We are proud of our mix of students and the success they achieve. Most students express a high level of satisfaction when they finish their course. We train you in order to achieve your aims and objectives.

In our Growing Indian economy it is very important to equip ourselves with strong foundation to face any industry challenges. At HCM we work on laying that perfect foundation for you to kick start your bright career. We create opportunities for you to excel in your future. We work on your attitude, we make you strong and bold to take on any challenges in your corporate life. This gives you an edge over any other student.

Our Faculties are friendly, they help you in every step of your tenure with us. They will go out of the way to mould you to a high degree of exceptional competence and groom you as a quality management professional. That's our commitment to you.

Every individual dreams, at HCM we help you chase your dreams and realise them. As the saying goes 'well begun is half done' come join us and begin your career on a high note.

Masters of Business Administration (Industry Integrated) TM is not just a post graduate degree in business administration; rather it is an extension of the traditional MBA program as it involves highly interactive teaching sessions and diversified work experience. In each classroom session of MBA (Industry Integrated)TM program in-depth preparation goes into imparting the modern concepts of management with emphasis on class participation and case studies. The case studies are strategically important learning tools in the fast changing business scenario. The program is conceptualized to provide hands-on-experience in the real business environment.

MBA(Industry Integrated)TM program is more application oriented and provides practical exposure to the students with classroom theoretical knowledge of business and industry. The program methodology significantly differs from the traditional course method. The program blends 'Industry Exposure' with 'Academic Knowledge'. Through the program the student undergoes On-the-Job Training from 2nd semester to 4th semester. The academic component is taught through class room learning at the approved Academic Partners located in different parts of the country. By the end of the programme the student gets a regular management degree as well as industry exposure/experience. Upon successful completion of MBA(Industry Integrated)TM programme, students have an edge over the students of traditional MBA programs.
